CLAY CITY, KY., THURSDAY, MAY 13, 1909.

NO. 19.

No Excuse for Bad Walks.

Each new decision of the Court of Appeals which in any degree relates to street improvements is a little bit stronger, if possible, and more decidedly in favor of the contractor than its predecessor, says the Winchester Democrat. The lien on the abutting property, created either by the construction of a new sidewalk or street, takes precedence over any and all other liens and mortgages. And so absolutely valid and binding is this lien, it is not necessary to its validity as it is in the case of ordinary liens, that it be recorded, or that, in the event of sale, the purchaser be notified of the liens existence. In a case from Frankfort decided recently, a contractor put down a sidewalk at the command of the city and sold his claim to another man. In the meantime the property had been sold without the new purchaser knowing anything about the lien. The holder of the lien was held to be good both by the lower court and the Court of Appeals.

Appoints a Democrat.

Henry Groves Conner, Democrat, has been appointed Federal Judge in a North Carolina district over the protest of the Republicans of that State. President Taft made the appointment because as he said he could find no Republican qualified. Good for Taft. Roosevelt would have appointed a negro who knows no more about law than a cat before he would have appointed a Democrat to office.

William Mountz, Jr. returned from Cincinnati Tuesday. Mr. Mountz has rented the confectionery stand at Natural Bridge and will be located there this summer.

When you come to the big show the 20th call in and renew your subscription.

No Home at All.

"What is a home without a newspaper," asks an exchange. And it proceeds to answer its own question as follows: "A home without a newspaper is no home at all. It is a kind of a dreary den where the inhabitants live in blissful ignorance of what the world is doing. It is inhabited by a class who do not hardly know who is president or what he is president of—who never find out that a thing has happened until long after everyone else has forgotten it. The children grow up in rags and dirt while the wife generally finds consolation in darning socks and lugging a pipe loaded with long green tobacco. The man goes out on election day and does not know whom he is voting for, but just takes the ticket and a drink and goes into the booth and spoils his ballot."

Getting in the Race.

Among the prospective Democratic candidates for Governor are mentioned: John D. Carroll, of the Court of Appeals; Judge Thos. J. Nunn, also of the Court of Appeals; Roger Clay, Commissioner of the Appellate Court and Judge J. M. Lassing another member of the Court of Appeals. Lexington has two men in the person of Thomas Combs and Col. John R. Allen. Ollie James, Allie W. Young, Owsley Stanley and J. C. C. Mayo are also prominently mentioned for the place. All of these and more too are good men and any of them will suit us.

Work has begun on tearing down and rebuilding the highway bridge washed out at the recent big tide which is to be completed in from sixty to ninety days.

It will pay you to look at our line of Men's, Boys' and Youth's Clothing before making your purchase. Hardwick & Co., Stanton.

SCHOOL CLOSURES.

The city schools closed Friday with no pretensions of commencement exercises. All of the teachers have through the entire term labored faithfully in their work and the school has partially been a success. And that portion which has not been a success is no fault of the teachers.

Miss Nannie Tracy, the principal is a good teacher, a fine lady of Christian character, and has always had excellent success in her work where the school government has not been so extremely strenuous. She has the best wishes of all our best people.

It was the first school for Miss Mary Shimmfessel but from the beginning she proved herself master of her task, and the children in the First Assistant's room have been in thoroughly competent hands and have made rapid strides in their studies. She declined the position for another term.

In the primary department of the school Mrs. Anna Derickson has proved herself a most proficient teacher, and has been selected to succeed herself, which is heartily approved of by all the patrons of the school.

Teachers Selected.

The City Council met in regular session Friday night and transacted the usual routine of business and then took up the election of teachers which resulted in the following selection:

Prof. Brumley, of Prestonsburg, Principal; Prof. F. P. Tracy First Assistant, and Mrs. Anna Derickson Second Assistant. The Salaries fixed are \$75 00; \$40 00 and \$35 00 per month respectively.

We know nothing of the Principal Prof. Brumley, but like all of the Professors comes highly recommended, though we can only tell after we have tried him.

Mrs. Derickson has been with the school in the same room the past year and is considered one of the best teachers ever engaged in that department. Prof. Tracy is known to all our readers, and comment is unnecessary.

Local Option Contest.

Last spring when the local option election was contested before County Judge G. M. Derickson and the two nearest Magistrates to the County seat, they refused to try it, and had the matter passed up to the Court of Appeals by a mandamus of the whiskey people. The Court of Appeals last week passed on the case and decided that they must try it. This puts the local option question back to where it was one year ago. The Judge and Magistrates must now try the contest case and if a decision in favor of the dries result, this means that the case must go to the Court of Appeals again, and another twelve months delay is sure to follow.

The Stanton College closed the first annual session yesterday. Commencement exercises last night with a picnic today.

Kentucky Educational Association Meets at Estill Springs.

The thirty-eighth annual meeting of the Kentucky Educational Association will be held at Estill Springs, Irvine, Ky., on June 22, 23 and 24, 1909. There is probably no place in Kentucky so well equipped and so admirably adapted to the entertainment of the Association as Estill Springs. The large old-fashioned, home-like hotel can easily accommodate four hundred people. The surroundings are beautiful and the meeting this year should be the greatest and best in the history of the Association.

Soldiers to Protect Negroes.

A guard of militiamen under noncommissioned officers was placed last night over the homes of the negroes employed at the quarries at Benson, below Frankfort, following the finding of several sticks of dynamite near the negroes' homes yesterday morning. The matter was reported to Adj. Gen. Johnston, who took it up by telephone with Governor Willson at Louisville, where it was decided that the colored workmen must be protected by soldiers.

Our Property Raised.

All real estate and personal property in Powell county has been raised 5 per cent. by the State Board of Equalization. None of the board knows anything about the value of Powell county property, but as they were employed to raise revenue thought they would pass it up on old Powell as she was the least able to make a lively kick.

See our line of "Walk Over" Shoes and Oxfords, for Men, in the new Spring and Summer styles. Hardwick & Co., Stanton.

The Local Paper.

A local newspaper is absolutely necessary to any community. It is the home paper that keeps the people of the community in touch with each other by giving them all the news of their own neighborhood and county. For that alone they are of value and worth far more than the small subscription price. They keep the local pride and progressive spirit aroused and in various ways are worth far more to a community than a community ever spends on them. The daily paper, with its large news service and quicker facilities, may in some instances overshadow the weekly, but the weekly home paper fills a place in the hearts of the people that a daily cannot fill. It comes to your home as an old tried friend.

They frequently penitentiary chicken thieves and still occasionally hang a horse thief for stealing some poor flea-bitten critter that would not bring \$25 on the auction block, but when a gambler like Patten manipulates the wheat market and takes bread out of the mouths of hundreds of thousands of hungry little children he is extolled as a great financier.

May Examination for teachers will be held at Stanton Friday and Saturday, May 21 and 22.

Catarrh Cannot be Cured

with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

HOWE'S CIRCUS IN THE CITY.

Thrilling Free Exhibitions of High Class Reflect Credit on the Great London Shows.

Fresh from a tour that has embraced all the European countries, Howe's Great London Shows are in Owensboro to entertain the populace with two performances, the superior of which the critics say, are hard to find on the road. Long before daylight was due the three trains of double length cars rolled into the city and immediately an army of workmen were busily engaged in unloading the dens, tableau cars, cages of wild animals, horses, ponies and the thousand of other things that large aggregations are forced to carry.

By 7 o'clock the spread of canvas on South Frederick street just beyond Buena Visto heights, almost opposite the residence of Mr. Alexander Hill, was bellowing in the wind. Flags were flying, the smell of sawdust and pink lemonade was in the air, and circus day was ushered in with due ceremony, aided and abetted by the inevitable small boy. Performers were scurrying to and fro, first to the canvas postoffice carried by the show, where they receive mail from home and loved ones, from nearly every country on the globe, and then in response to the bugle calls which punctuate the snapping and barking of harriers, and everything was a whirl of bustle. Preparations were completed by 9:30 and shortly after that hour the procession started from the grounds to traverse the principal streets of the city.

A long line of tinselled beauty, gorgeous costumes, pretty women, dashing riders and a herd of elephants, camels and open dens, passing before the crowd that lined the streets. The clowns were out in force and with many new and fun making devices amused greatly. The fresh appearance of the performers, the newness of the costumes and paraphernalia, excited considerable favorable comment and the parade made a decidedly favorable impression.

It was long, filled with new features and compact. Every feature during the after-

noon performance gave satisfaction and sustained Howe's Great London Shows' reputation. The show opened with the grand entry, which gave the audience a chance to admire the horses carried with the show. These animals are the best seen in this vicinity, and richly deserve the term, "Blue Ribbon Stables." After the entry the ring stage and aerial numbers followed in endless succession.

The scheme and motto of Howe's Great London Shows met with the approval of the audience as every act is arranged and put on so that the spectators are not confused by a myriad number of acts offered simultaneously.

The famous Ty-Belle Sisters, who created a big sensation at the New York hippodrome during the past winter as a special feature for this year, won the applause and admiration of the audience in their death-defying dances in mid-air, suspended from the topmost point of the canvas by their teeth alone.

The bareback riding by Mr. Franz Reed, who is a grandson of the once famous circus clown, Dan Rice, was above the average and displayed the fancy trick riding taught by the old school of horsemanship which is omitted by all the young riders of today.

As a whole every act was in keeping with the high standard and character of Howe's Great London Shows.

The acrobatic work included the world-renowned Mines-Kimball troupe, introducing new, novel and up-to-date tricks.

One of the most notable features was a high school menage act by Mme Earl and her high school horse, Rosedale, a beautiful black Kentucky thoroughbred.

The evening show will commence at 8:20 with the doors open an hour earlier. The menagerie is well worth a visit, and Prof. Wheeler's band concert offers selection of overtures and popular airs of the day for the benefit of those who are particularly fond of good music.—Owensboro Enquirer.

Kills to Stop the Plend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors \$400.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures Fever Sores, Boils, Felons, Eczema, Salt Rheum. Infallible for piles, Burns, Scalds, Cuts, Corns.

Some days it seems that about half the population of Clay City must be on the river Banks fishing. The usual fisherman's luck seems to be the result.

C. W. Barnett of Winchester, has spent several days with his children here this week. Mr. Barnett has greatly improved in health, though yet far from being a well man.

Lived 152 Years.

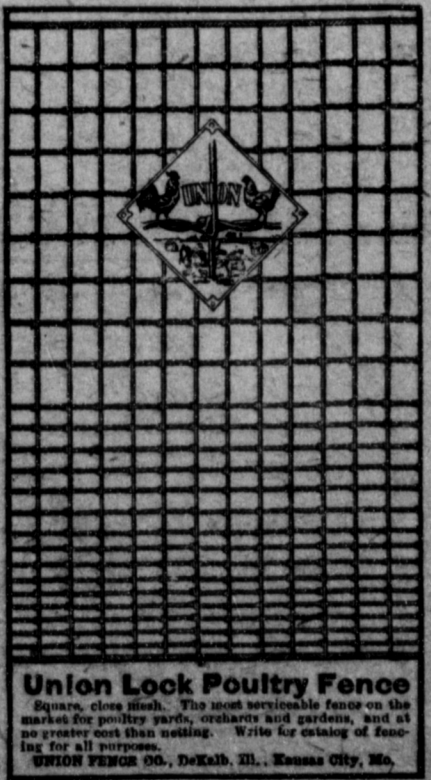

Wm. Parr—England's oldest man married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wripht, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them 50c at all druggists.

Onions and Pneumonia.

Hot onions, according to a French physician, are said to be a sure cure for pneumonia. The remedy is as follows: Take six or ten onions according to size, and chop fine, put in a large pan over a fire, then add the same quantity of rye meal and vinegar enough to make a thick paste. In the meantime stir it thoroughly, letting it simmer for five or ten minutes; then put in a cotton bag large enough to cover the lungs, and apply to chest as hot as the patient can bear. In about ten minutes apply another, and thus continue by reheating the poultices, and in a few hours the patient will be out of danger. This simple remedy has never failed to cure this too often fatal malady. Usually three or four applications will be sufficient.

Won't Slight a Good Friend.

"If I ever need a good cough medicine again I know what to get," declares Mrs. A. L. Alley of Beals, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for Coughs, Colds and Lung Trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For Bronchitis, Asthma, Hemorrhage, Croup, LaGrippe, Sore Throat, pain in chest, or lungs its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.
